

# Licensed Clinical Social Worker (LCSW)

Community Health Connection – Tulsa, OK

---

## Job Description

The Licensed Clinical Social Worker (LCSW) will participate in the implementation of integrated behavioral health services at the Community Health Connection. CHC considers integrating behavioral health services in our primary care settings an innovative and necessary service model targeting patients who typically have limited access to traditional mental health treatment. The LCSW will work collaboratively with the medical team to implement a system of comprehensive screening, direct patient care, and consultation with the multidisciplinary team to improve overall health outcomes and increase access to mental health care for our patients. In addition to providing evidence-based treatment for traditional mental health issues the LCSW will help identify and address many behaviorally driven health concerns that arise in the course of medical care. Consistent with an integrative care model, the LCSW will work to strengthen collaboration with other service providers in the community to create a more effective system of referrals for patients with ongoing mental health needs. The LCSW will occupy a key position in helping the Community Health Connection fulfill its mission of providing the highest quality care for vulnerable and underserved populations.
